

FOR IMMEDIATE RELEASE

Little Sable Lighthouse 150 Years in 2024-Fundraiser

Little Sable Lighthouse is 150 years old in 2024! There will be a celebration in the fall of 2024, information to follow.

The Sable Point Lighthouse Keepers Association needs your help for 2024. Please see the letter below and let them know if you can help.

As Sable Points Lighthouse Keepers Association continues to grow and assessability to utilities improves, we must make improvements to bring the Association into the modern age.

At Little Sable Point Lighthouse we have the opportunity to connect to hard power and fiber internet at the gift shop trailer. This will allow SPLKA to offer cold beverages to our guests and provide a fan or heater for our hard-working volunteers. Once this is achieved, we will turn our attention to installing the fiber internet. This improvement will allow SPLKA volunteers to reach emergency services if the need arises. Installing these necessary utilities will drastically improve our services to

our lighthouse guests, address safety concerns, help retain volunteers, and make it easier to recruit new volunteers. The total for this project comes to about \$17,000.
